Julia,

Thank you very much! The Ad Valorem Property Tax Levy Reports are exactly what I need!

Thanks again,

Justin

Hi [REDACTED],

Thanks for your question! I'm not sure the Census is the right place for you to look for this information; have you tried searching the State of Michigan's pages?

Here are some links that might be helpful:

http://www.michigan.gov/treasury/0,4679,7-121-1751_2228-57815--,00.html Ad Valorem Property Tax Levy Reports (Real and Personal Property; includes county, township, city, and village level data).

http://www.michigan.gov/treasury/0,4679,7-121-1751_2228_21957_45819-285567--,00.html (has taxable value for various types of property, by county). More years are available at http://www.michigan.gov/treasury/0,1607,7-121-1751_2228_21957_45819---,00.html You might have to view county by county and at the end of each county's table is the county total.

http://www.michigan.gov/treasury/0,4679,7-121-1751_2228-57819--,00.html Commercial, Industrial, and Utility Property Tax Reports

If these don't have what you need, take a look at some of the other Property Tax reports (towards the bottom of the page) here http://www.michigan.gov/treasury/0,4679,7-121-1751_2228---,00.html

I hope this helps! Let me know if you need more assistance.

Best,
Julia

Hi Julia,

I'm a JMC student who is in the MC 384 class that you gave a census demo to, and that information was very helpful!

I am trying to use the 2012 Census of Governments to find the property tax taken in by each county in the State of Michigan, but have been unable to find any information beyond the total property tax taken in by all counties in the State. Do you know if this type of information (local government tax revenue) is something that the Census offers somewhere and I've just been unable to find it?

Thank you very much,

[REDACTED]
