

To: Continuously Appointed Librarians

It is with great pleasure and honor to submit this letter on behalf of Julia Frankosky. Julia and I began officially working together when she became the Government Documents Librarian with our first big project being withdrawals for our (new) regional library, the University of Minnesota, and the beginning of an awesome working relationship.

Julia's hard work and ALWAYS positive attitude made our next project(s) a piece of cake! I find Julia to be very approachable; with Government Documents things are not always straight forward, so the rapport with Government Documents support staff and the Government Documents Librarian is very important. Julia values my opinion and often asks for my input.

Julia has a very professional way about herself, but she is not above getting her hands dirty. I once loaned my students out to her for a project over at the old remote storage facility and when my student was done I asked how was it, she said "awful, but Julia helped with digging around in the bins with me" and she sang Julia's praise; I laughed and told her not to expect me to do that.

When Julia told me she was coming up for continuing I was so excited for her (after she explained what it was) and I so want to represent her in a positive way because I think very highly of Julia and I want her to succeed. Julia is an intelligent hard worker and a great asset to the Library.

Thank you kindly for your time,

Andrea James
