To: Reading Committee Members

It is with great pleasure and honor to submit this letter on behalf of Julia Ezzo. Julia and I began officially working together when she became the Government Documents Librarian with our first big project being withdrawals for our (new) regional library, the University of Minnesota, the beginning of an awesome working relationship.

Julia consistently demonstrates professionalism, dedication, and a strong commitment to excellence, which made our next project(s) a piece of cake! Government Documents work is not always straight forward, so a positive rapport with Government Documents support staff and the Government Documents Librarian is very important. Julia values my opinion and often asks for my input.

Julia has a very professional way about herself, but she is not above getting her hands dirty. I once loaned my students out to her for a project over at the old remote storage facility, when my student was done I asked how was it, she said "awful, but Julia helped with digging around in the bins with me" and she sang Julia's praise, I laughed and told her not to expect me to do that.

I find Julia to be the full package, she has worked in what I consider ALL library capacities, student worker, support staff and professional staff/faculty. She is respected by peers and supervisors alike. She communicates effectively, works well under pressure, and consistently demonstrates integrity and reliability.

When Julia told me she was applying for a Librarian III position, I was so excited for her, and I want to represent her in a positive way. I think very highly of Julia, and I want her to succeed, Julia is an intelligent hard worker and I'm sure she will excel as a Librarian III.

Thank you kindly for your time,
