Hi all,

There isn't anything more I can say to add anything to what those here have every expressed so eloquently. We will continue to have conversations and adjust.

Julia - you are amazing! I am just wow'd at all the work you had to organize here. I am very grateful for the work you are doing and your leadership.

Thanks!

Julia, thanks so much for the effort you've put into this! It hasn't been easy, but you've kept us as Steering focused on ensuring all voices and perspectives are heard and considered.

I share the feelings expressed. It's not easy to see some of these rubric recommendations, and such change won't be simple. However, I believe we will do our best as an organization to have meaningful conversations with members and reframe GODORT to continue meeting the needs of our constantly evolving community.

Elizabeth,

Thank you for expressing what many are feeling. And, yes, Julia, thank you for all of the time and effort and thoughtfulness that you put into including us in this process. I've learned a lot and I am hopeful that GODORT will continue to provide the community and resources that help so many.

I just want to throw a quick thanks email because, for me, this has been an exhausting task emotionally — and I know I can't be the only one.

Julia, thank you for taking on the brunt of this difficult task. You've done so much with collecting information, formatting the rubric, keeping us informed... I know it has required a ton of time and energy, and I appreciate your leadership.

Thank you also to everyone for their insights and work; I learned a lot from reading everyone's comments and listening to discussion at our last meeting.

I also thank everyone above because I know the work isn't done. As Julia said, this is just the beginning of larger conversations and efforts. While I regret the circumstances that led to this rubric and reevaluation, I know that together we can use the opportunity to benefit our roundtable and its members.

Take care,

Elizabeth

**Subject:** [EXTERNAL] GODORT Steering Vote Required to Approve Rubric

Hi all,

Today is the day our [rubric](#) is due to ALA. Please review the [rubric](#) as soon as possible and vote for its approval at [https://msu.co1.qualtrics.com/jfe/form/SV\\_bd2Pcnb97XmQajA](https://msu.co1.qualtrics.com/jfe/form/SV_bd2Pcnb97XmQajA)

**Please submit your vote no later than today at 4:45pm ET.**

Some things that we care deeply about did get a ranking of pause/sunset or sunset/replace. No such action will be taken immediately with these items, but rather we will work together to restructure, shift responsibilities, and strategize how to make a sustainable GODORT. This is all going to be a much larger conversation than just this ratings rubric and will require more time and consideration than we have right now with ALA's deadline.

I thank you all for your attention to this and for your flexibility working with

such a tight deadline.

Best,  
Julia
